THE BEST CLIMATE IN U. S.

Come to Yuma, Arizona, the land of sunshine, no floods, no blizzards, no cyclones, sunshine 365 days in the year, 12 months' growing season and haying in January; 12 tons of alfalfa hay per acre annually; the greatest cotton country on earth; oranges, lemons, grapefruit, peaches, grapes, apricots, dates figs and other fruits and melons produce more bountifully and reach the markets earlier and consequently bring better returns than from any other section of the United States. Fruits are not grown anywhere else in the world with the quality of flavor of the Yuma fruits. Crops will bring annual returns of from \$100 to \$1200 per acre annually. You may live here in comfort and happiness, surrounded upon every side by smiling prosperity. Ten acres here is better than a life-time salary of \$125 per month; twenty acres will in a short time make a large family independent, while forty acres, if properly handled, will bring a good fortune in a few years. Our water supply is unlimited, being diverted from the Great Colorado by the U. S. Government's \$8,000,000 Irrigation project. Why live in the land of floods, snow, sleet and ice, cyclones and blizzards and eke out a mere existence when there is open to you the lands of the wonderful Yuma Valley; where exists perpetual sunshine, prosperity and happiness, where life is worth living. Having grt, sell your holdings or mortgage for all you are able and come NOW. For literature address McCLURE REALTY, LOAN AND TRUST CO., 352 2nd St., Yuma, Arizona. 8t-pd-4-10
